excellence through INNOVATION & TECHNOLOGY

OUR PHILOSOPHY

A good bath has known to induce great ideas and still inspires creative minds. We figured out a way to channelize this flow of awesomeness of water through equally awesome shapes molded impeccably to embellish your bathrooms to give you a feeling of unique personal space.

INNOVATION WITH COMFORT

Innovations in our designs are always connected with comfort. Latest technology progressive concepts and convenience blend wonderfully in all our products both concealed and exposed.

QUALITY WITHOUT COMPROMISE

We aim to deliver best quality products to our customers. We continuously strive to maintain high standards with both passion and purpose, creating products whose design, material, finish and technology continue to set new benchmark.

ECOLOGICAL SUSTAINABILITY

We have a great regard for ecological sustainability and the philosophy is ingrained in each aspect of everything we do. Our products are technologically advanced and equipped with features to significantly reduce the consumption of water and energy.

CORE VALUES

WORKING WITH INTEGRITY

We at Blenzo believe in integrating transparency and veracity in all our work ethics ensuring honesty in all our functions and dealings.

BUILDING RELATIONSHIP

We strive towards creating long lasting association with our patrons erected on the strong foundation of trust.

PROVIDING EXCELLENT CUSTOMER SERVICE

Our services to the customers extend way beyond selling of the products. We are ever ready with our competent customer service when required.

INNOVATION & UPGRADING

We have a knack for latest technology and breakthrough innovation which keeps us upgraded in accordance with current demands.

WARRANTY

Blenzo products are covered by a warranty of 10 years from the purchasing date on all products. During this period, parts with construction defects in materials or workmanship will be replaced free of charge. This warranty will not respond in the case of faults caused by unsuitable or improper use, wrong installation, natural wear, improper or careless treatment, wrong usage of cleaning or maintenance products. Blenzo will not assume liability for labor expended, freight cost or damages accruing from the use of the material purchased from us. If material is defective, the limit of damage is the price of the defective material. Proof of purchase (Original sales receipt) from the original consumer purchaser must be made available to Blenzo for all warranty claims. The warranty is not transferable and is extended solely to the original purchaser of the product.

MORE THAN 20 YEARS OF BATHROOM OBSESSION

We understand bathrooms. More than 20 years the bathroom industry has evolved from a practical space for washing and cleansing to an emotional one focused on relaxation and rejuvenation. In response, Blenzo has curated an extensive range of products to delight our customers, ALWAYS. Contemporary and traditional designs for all. An extensive range of faucets & mixers, offering a choice to complement all bathroom styles, sizes and user functions.

LUXURY

Blenzo provides exclusive finishing in products for luxury vibe. Change the design & structure, the feel. Add an amazing shine and new colour to the object to make it more robust in the process. Completed by expert hands and guidance, from polished Rose Gold to Chrome. Each design results from intense development. Adding a finish to the surface isn't enough. Blenzo also provides variety of size and shape as per your preference. Manufactured by the most experienced and qualified Blenzo experts. By hand. In perfection.

THE GREEN CHOICE

The brass is an eco-friendly material, in fact it is 100% recyclable and approximately 60% of it comes from recycled material. The Blenzo production process is extremely clean and eco-friendly. A typical fixture is going to be plated to a polished chrome or matte finish, this process produces toxic wastes that must be properly treated. The beautiful and long-lasting finish of our products is obtained through polishing, a completely non-polluting process.
